 Date of expiry: **10 Mar 2020**
 Source: **Australia**

Client visa details

Visa: **EN 186 Employer Nomination Scheme (Permanent)**

Instructions to the client

This information sheet outlines the status of the immigration health examinations that you have undertaken at an eMedical clinic.

Note: the status of an individual examination will not appear as "Complete" in the Exam list below until your case has been submitted to Department of Immigration and Border Protection (DIBP). This may not occur until all results are finalised after you have left the clinic.

Your health case will be submitted to DIBP or DIBP's migration medical service provider for processing once all your health examinations are completed. If you are required to complete further health examinations, you will be notified by DIBP once your case has been assessed. For further information on DIBP's health assessment process, please see our website at: <http://www.border.gov.au/Trav/Visa/Heal/Meeting-the-health-requirement/Assessment-of-health-examination-results>

Note:

- Once a panel clinic has submitted your health examination results to DIBP, any further queries about your visa application and/or your health examination results should be directed to your visa officer. Staff at a panel clinic or DIBP's migration medical service provider will **not** be able to help you with these queries.
- If you have not yet lodged a visa application, you must provide the health identifier on the top of this letter (i.e. HAP ID) to DIBP. It is recommended that you also submit this letter together with your application form when it is lodged.

Health Case Status

This health case has not yet been submitted to DIBP. The status of the individual examinations is listed below.
